Summary

Adaptive, social, and diligent Android developer with 4.5 years of experience. Skilled in independently developing and maintaining android applications across various domains, including Finance, Voicemail, Online Booking etc.

Skills

1. Android, Kotlin, Java
2. REST API, Firebase, Room SQLite
3. MVVM, MVC, OOPS, Agile Methodologies, SOLID
4. Git, GitHub Actions, CI/CD, Bitbucket, Android Studio
5. Retrofit, Dependency Injection, Dagger, Hilt, Koin, Coroutines, Flow, Live Data, FCM, One Signal, JUnit, Unit Test, UI Test, Mockk, Kaspresso, Sentry, Crashlytics, Google In-app Billing, Revenue Cat, GCP, Play store

Work Experience

Seven Technology   Mangalore, Karnataka (Remote/WFH)

Android Engineer   December 2024 – **Present**

1. Outsourced to a product-based company based out in UK, "Zinc Systems".
2. Working on resolving production bugs of reporter app.

Projects

1. Synapse Reporter App   December 2024 – **Present**

Website | Play Store (App is available on play store)

   1. Resolved production bugs & implemented small features.

Bombay Software's   Ahmedabad, Gujrat (Remote/WFH)

Senior SDE 2 – Android   June 2022 – **October 2024**

1. I was working with a offshore client team, "Volentio Group".
2. Automated the build and release process for the app development life cycle using Continuous Integration and deployment (CI/CD) pipelines, eliminating 100% time required for releasing builds manually.
3. I was managing two long-term projects, delivering 100% client-requested features weekly in an agile, sprint-based environment, resolving of bugs, optimizing app performance and reducing manual testing effort by 50% by adding automated Unit & UI Test cases.

Projects

1. Starboard App   February 2023 – **October 2024**

Intro | Website | App Info (App is only available to closed testers)

   1. Developed a Yacht Finance Management app based on client requirement which gives per account based Yacht related information on app like daily transactions, receipts, purchases etc.

2. Implemented Automated app deployment on Closed and Internal test on play store so tester and client can access app freely anytime.

2. Pibbix: A Voicemail App   December 2022 – **November 2023**

Website | App Info (App is only available to closed testers)

1. Delivered app to client based on his requirement to create a app where user can view all his voicemails and can listen to them anytime.
2. Integrated Google In App Billing app subscription using Revenue Cat SDK with 98% pass rate.

Pairroxz Technologies   Jaipur, Rajasthan

Android Developer   November 2020 - May 2022

1. Built multiple small apps in eCommerce – retail, online reservation booking using MVC & MVVM.
2. Implemented Real Time Chat feature to reduce waiting time between customer and admin by 80%.
3. Successfully converted 100% app written in Java to Kotlin.

Seven Web-e-powers   Jaipur, Rajasthan

Internship   January 2020 – **May 2020**

1. Gained foundational knowledge in Android app development here, Joined this internship program as an part of college final year training.
2. Learned to make API calls and handle raw data for app implementation.
3. Worked with REST APIs and Firebase Real-Time Database to enhance app functionality

Portfolio Projects

1. LMAO - Funny Memes & Jokes   September 2023 – **April 2024**

Website | Download App | (Or search "lmao" on play store)

1. Created a meme app using a Reddit Image scrapper and then replaced it with Instagram Image/Video Scrapper "InstaTouch" gaining a boost in app download rate by 70%.
2. Scaled the organic reach in just 4 months to 5000+ download and nearly 220-350 daily active users.
3. Added 100% Offline caching using room database to handle data filtering on app even if user is offline.

Education

Jaipur National University   Jaipur, Rajasthan
Master of Computer Application; Percentage: 76%   July 2018 – June 2020

Jaipur National University   Jaipur, Rajasthan
Bachelor of Computer Application; Percentage: 73%   July 2015 – June 2018

Tagore International School   Jaipur, Rajasthan
12th CBSE - Commerce; Percentage: 63%   April 2014 – May 2015
